MEMORANDUM FOR MR. LADD *PL*

RE: CO SUMMARY  
 H LOG

It will be noted in the CO summary for April 17, 1946, that at 3:20 PM Corcoran called McGranery at the Department of Justice inquiring about the file on an unknown individual. McGranery replied, after some conversation, that apparently the file which they were concerned about was in Shaughnessy's office, apparently in the Immigration Department.

In this connection, portions of the H log for April 17, 1946, may be pertinent. On Page 2 of this log at 7:05 PM Corcoran, in a conversation with Grunewald, indicated that he had been to see McGranery in an effort to locate the file on Helgeson. Helgeson does not appear in our indices and his first name is not mentioned throughout the log. The conversation was to determine if there was anything detrimental in this file on Helgeson. They wanted to ascertain if there is anything in the file that indicated he had been a carpenter or a member of some union. Corcoran indicated that McGranery said there was nothing derogatory about him. They are concerned about the reason that Shaughnessy asked for the file which apparently is located in Baltimore. On the fifth page of the H log there is set forth a conversation between Joe Shimon, Lieutenant on the Police force, with Grunewald. They discuss the efforts to obtain this Helgeson file, and here the name is spelled Helgerson. They thought that possibly Pegler was attempting to get this file through one of his contacts in the Justice Department. However, they didn't think McGranery was getting the file for Pegler as McGranery was O.K. Shimon referred to a party held recently by McGranery, at which time Corcoran, the Director, Mr. Tamm, and Mr. Tolson were in attendance.

In view of the fact that Helgeson does not appear in our indices and his connection is not known, I wanted to bring this to your attention, and there is attached the rough draft copy of the H log along with the CO summary.

## MEMORANDUM FOR THE DIRECTOR

Please note the attached rough draft of the Tommy Corcoran surveillance. You will observe that Gael Sullivan told Corcoran that he was having lunch with "Tamm of the FBI".

Gael Sullivan, who is one of the Assistant Postmaster Generals, called me several days ago, indicating he had recently been in Chicago, had seen Father Fitzgerald, etc. and asked me to have lunch with him. I did agree to do so, setting the date for Friday, January 4th. I have known Sullivan for some time, antedating his appointment to the Post Office Department. He was raised in the vicinity of Chicago, studied several years for the priesthood and was at one time secretary to Mayor Kelly of Chicago. I am, frankly, curious as to what's on his mind and while I have no particular interest in having lunch with him, unless you see some reason to the contrary, I will see him tomorrow, being, of course, exceptionally judicious not to discuss with him anything that will become the subject of conversation between him and Corcoran.

OK.  
 V.

Respectfully,

  
 Edw. A. Tamm

HENRY GRUNEWALD to RUTH who tells him that Mr. STERLING, Mr. BURGESS, and Mr. SILVERMANN has inquired for him. Also a Mr. HANSEN(ph). HENRY says he just got into town. RUTH says "The detectives say you have been here a week." CHRISSIE then tells HENRY that BURGESS wanted to talk to HENRY about getting Prestone out of his car and that the "SILVERMANN jerk" sent a telegram saying he was getting here. HENRY says "Yeah, he called me from Chicago." CHRISSIE says "We went out to see the FORD(ph) property, pretty good. PHILIPS says he has to have a line-up on JAY. You ought to get GILLESPIE(ph) to tell them. One jerk out there wants to build but would charge you \$400 per month rent and 20% of the business." HENRY says "To hell with that." CHRISSIE says "There are 2 fairly good corners out there, one in Falls Church opposite a Plymouth place which is going up. But it is a \$100,000 investment. But if we could get a liquor license it might be better." HENRY says "Did he hear from TOMMY CORCORAN?" No. HENRY says "That son-of-a-gun would make you sick. I do all the damn work for that farmer and..." CHRISSIE says "You ought to get wise." HENRY says "WOODS, you know, this is strictly under your hat where the Worlds Fair Grounds in New York they bought 365 acres for a race track. And the fellow CAWLEY(ph) is the chairman of the Racing Board where all the Blue Bloods belong. Of course WOOD and DEWEY are all very close and they had a talk and DEWEY said to go ahead and he would approve it. So I am getting McLAUGHLIN(ph) [redacted] and b6 put up and option stock block and McLAUGHLIN will take it up. It is b7C a tight thing- only 20 minutes from the race track to the Plaza Hotel." CHRISSIE says "I saw an article about WOOD and NOBLE in the paper; they gave a dinner party for this Mrs. MARX(ph) whom they got the station from." HENRY says "I do all the work for them. As soon as this case is over, I will get a block of stock. That will not be bad. Tell JAY to pick me up at 5:45 at the Mayflower, BARBER SHOP." Agreed.

J- Yeah.

H- About that fellow that you spoke about?

J- Yeah.

H- Was the other fellow associated with him, the last fellow you introduced me to?

J- Yeah.

H- He was, huh?

J- Yeah. But I think they're going to split.

H- Oh, is that so?

J- Yeah. This is the fellow— they both have large orders.

H- Well, I mean, are they together or are they separate?

J- Separate accounts.

H- Separate accounts?

J- Yeah. He's the largest.

H- Well, he's talking about twenty million dollars and all that kind of crap.

J- That's right.

H- Well, who's the one that's got the twenty million; if he's got it?

J- This one here.

H- The first man, huh?

J- Yeah. The one I want you to talk to to-night.

H- Yeah. Has he got money.

J- Yeah.

H- Oh, I know. I've met him before, you know— the week (?) before.

J- You've checked on him.

H- Yeah, he's all right. Let me see— of course, he'll have to give him a check again, you know those things— six months—six months in this kind of business—they either lose everything or make it or what. Or anyhow, he's going to be there in the morning?

J- Yeah.

H- POZZETTI (ph).

J- Yeah.

H- That's right. And did you tell him that I would see him in the morning?

J- Yeah.

H- O.K. Has he got real big orders; I mean, not no crap stuff.

J- Sure.

J- Yeah.  
H- That's what I want him to do this week.  
J- Sure. He ought to do something one way or the other.  
H- Oh. It's the only thing to do because—  
J- I think it's too long.  
H- No. The other fellow took the bill with him. And the Senator left today. For his man, you know. Of course, we'll know when DAVIS gets that check.  
J- But you look this party up to-morrow. It's all right.  
H- Yeah. I'll see him. You told him I'd be there in the morning?  
J- What time?  
H- Oh, I'll meet him at ten O'clock.  
J- Nine thirty if you can.  
H- No, I can't make it at nine thirty. Maybe I'll be there at nine thirty, you can't tell. I've got to get an early start. And then I'll sit and talk with him. He wants a lot of stuff now, huh?  
J- Yeah.  
H- And he's got the letters of credit and everything else?

He will return to New York City Thursday night and he will try to have dinner with HENRY on Friday night. HENRY asked if IJAMS thought it a good idea to get in touch with GERALD (NYE?) indirectly and IJAMS said no. IJAMS asked if "any of those people" ever got in touch with MR. MAY. HENRY said no. IJAMS said he has some good friends on that committee. HENRY told him to get busy on them right now and IJAMS said he did not like to do that, that JOHN SPARKMAN is a good friend of IJAMS. IJAMS asked HENRY if DEWEY is "short on that committee" and HENRY said he did not know. HENRY said the reason he has not tackled MAY is that there is some cloud over him in connection with something the MEAD Committee is investigating. IJAMS asked if HARRY had ever got in touch with the "other fellow" in the Senate and HENRY replied that he does not know but supposes he did, because when HARRY says he will do something he does it. HENRY said he might get HARRY to contact MAY. IJAMS remarked that CHAN GORNEY is on the Senate Committee and he is a good friend of IJAMS.

MEMORANDUM FOR MR. D. M. LADD

Re: H - SUMMARY

For your information, at the present time we have coverage of two telephones at Grunewald's home listed Woodley 1100 and Woodley 5700. No coverage is maintained of Grunewald's office phone in the Mungie Building. From the log of August 6, 1946, Grunewald reveals the fact that he now has a private number which is Republic 6484, and it is assumed that this is maintained in his office.

It is also being pointed out that Grunewald although married has for a considerable period of time been associating with other women. At one time he maintained separate apartments [redacted] for two known female associates of his. Recently his wife learned of these associates and left him and is presently [redacted] New York City. It is believed that Grunewald is now associating with one Gertrude Gibson, who was employed by the telephone company and may still so be employed. Although not definite, there is some indication that he may move in with her.

b6  
b7C

In order that we may have as complete a coverage as possible in an effort to determine the activities of Grunewald, it is recommended for your approval that the Washington Field Office, if possible, make arrangements to cover the listed and unlisted telephones in Grunewald's office as well as the one listed to Gertrude Gibson.

Respectfully yours,

MEMORANDUM FOR MR. P. E. FOXWORTH

Re: Henry

In reviewing a recent log pertaining to the above case [redacted] the writer observed that Metropolitan 5954 was mentioned by Henry as being a new private line. Special Agent Newby of the Washington Field Office was contacted to ascertain whether appropriate coverage had been established on this line. Newby advised that this number is in reality Republic 5954 and that Henry had been in error in indicating Metropolitan as the exchange. Newby further stated that this number merely replaced the number District 3052 which had been previously determined as a confidential number of Henry and for which authorization was granted for a technical surveillance on June 23. Agent Newby further advised that the Washington Field Office had installed the following technical surveillances:

b3

District 2757.

Authorized: June 23, 1941

Installed: July 14, 1941, 11:00 a.m.

Address: Office of Henry, 923 Munsey Bldg.

Bureau plant: Rear of 1212 F St., N. W.

Republic 5954 (formerly District 3052)

Authorized: June 23, 1941

Installed: July 19, 1941, 2:00 p.m.

Address: Office of Henry, 923 Munsey Bldg.

Bureau plant: Rear of 1212 F St., N. W.

It should be noted that this is the first information that the writer has received concerning the installation of these technical surveillances with the result that the records maintained by the writer have not been completely up to date, even though Agent Newby advised that the Bureau was appropriately notified as soon as these installations had been completed.

Respectfully,

E. G. Fitch

## MEMORANDUM FOR THE DIRECTOR

11:25 AM

SAC McKee of the Washington Field Office called and advised that the technical surveillance on Henry had been removed.

McKee stated that this morning Agent Welch, who is known to the manager of the apartment, was in that vicinity and the manager called him in and told him that the chief telephone operator, who has been employed at the apartment house for twenty-five years, has been making herself very curious. She does not know what is going on but is attempting to find out. McKee advised that an additional reason for removing this surveillance is the fact that an Army officer, whose furniture was in the immediate vicinity where the surveillance was located in the basement, is moving and taking his furniture out of the basement.

McKee pointed out that there had been no embarrassment whatever and that the surveillance is being taken out to preclude that.

A room has already been secured in which the technical can be installed on Saturday. McKee will make arrangements with the Laboratory for this installation.

Respectfully,

  
 P. E. Foxworth

On June 6, 1941, Special Agent in Charge McKee of the Washington Field Office, advised me that the technical surveillance on the residence of Mr. Henry William Grunewald, [redacted] Washington, D. C., Telephone - Woodley 1100, had been put into effect at 9:30 p.m. on June 4, 1941. He advised that this information was orally furnished to you on the afternoon of June 5, 1941.

The Bureau plant is maintained in a storeroom in the basement of the Westchester Apartments and is conducted by the use of earphones only which may be readily detached at a moment's notice. No recording devices are used.

I advised Mr. McKee that this surveillance should receive special attention and the Bureau desired to be immediately advised concerning all pertinent developments. He advised that he would furnish a daily log with respect to this matter and telephonically communicate any important information.

Mr. McKee advised that Grunewald was conversing with the utmost circumspection and had made a comment during the course of a conversation which indicated that he was suspicious concerning the possibility of his conversation being monitored. Mr. McKee indicated that the greatest caution would be exercised in this matter.

 MR. FOXWORTH

2:25 P. M.

Pursuant to Mr. Carson's instructions based upon Mr. Tamm's authorization of May 13, 1941, I telephoned Special Agent in Charge McKee instructing him to place a technical surveillance on the private telephone of Henry William Grunewald, his address and telephone number according to the latest information in the Bureau files being [REDACTED]

(U) [REDACTED] Washington, D. C., telephone, Woodley 1100. I told Mr. McKee that Grunewald had been the subject of a special investigation last summer and I also suggested that a copy of the writer's report of July 8, 1940, covering this special investigation be submitted to Mr. McKee for his confidential information. I pointed out to him that the content of the report was highly confidential and hence after McKee noted the information therein he could furnish the pertinent facts regarding Grunewald to the Agent who would work on this technical surveillance. I told Mr. McKee that Mr. Richard Millen of the Bureau's Technical Laboratory had made a chart of the telephone layout into Grunewald's apartment and hence Mr. McKee should get in touch with Mr. Coffey regarding this matter.

I also telephoned Mr. Coffey of the Laboratory and advised him that the Bureau desired this tap to be placed and mentioned to him that Mr. Millen was familiar with the setup.

## MEMORANDUM FOR THE DIRECTOR

RE: MRS. J. UPSHUR MOOREHEAD

Information was received from Major Cornelius Vanderbilt, Jr., relative to the contemplated overthrow of the United States Government resulting in a military dictatorship, which matter involved Major John G. O'Brien and General Gullion. According to the information received, the group reportedly participating with General Gullion in this program frequently meet in the apartment of Mrs. J. Upshur Moorehead, [redacted] Washington, D. C.

b6  
b7C

In connection with this matter, technical surveillances were installed on Major O'Brien and Mrs. Moorehead. Major O'Brien subsequently transferred to a new post in Fort Oglethorpe, Georgia, and this surveillance was discontinued. However, the surveillance on Mrs. Moorehead has been continued with a view to possibly obtaining further information pertinent to this matter and her contacts who might also be involved.

However, this surveillance up to date has been unproductive in this respect.

RECOMMENDATION

In view of the fact that Major O'Brien is no longer on the Washington scene and the fact that the continued technical surveillance of Mrs. Moorehead has been unproductive, it will be discontinued if approved by you.

RE: MRS. LILIAN MOORHEAD,  
INTERNAL SECURITY

At your instructions I informed Colonel Bissell that we had information that Tom Moorhead, the son of the subject who is in the Army, is presently assigned to the detail guarding the White House. I informed the Colonel that the Bureau had received certain information from an apparently reliable source which indicated that Mrs. Moorhead was not the type of person who should have a son on such a detail.

I advised Colonel Bissell that the information with reference to Mrs. Moorhead was not in condition yet to be furnished to the Army but as soon as the material was prepared he would be fully advised. Colonel Bissell was requested to handle this matter in a most discreet manner and not mention the fact that the information had come from the Bureau. He stated that this would be handled very discreetly and that Moorhead would be removed from the White House detail.

RE: "Y"

The file of this surveillance which covers the period from April 2 to June 9, 1942, has been reviewed and the following information is being set forth below since it appears pertinent.

On April 3, 1942, subject in a conversation with Julie, a female friend, in referring to the British, stated "I hate those bastards. They are so damned good—hope the Indians crucify them."

On April 27, 1942, subject in a conversation with a man identified only as Bob discussed some property which this individual was trying to sell for him. The individual named Bob stated he believed we were getting more like Russia every day and that the President was taking advantage of the present emergency.

On May 2, 1942, Emily Chippy of the News Week magazine called subject and wanted clearance from him of an article regarding the teaching of United States Army officers at the University of Virginia the technique of administration of occupied countries. Subject said the article was "very clear and very sweet" and approved it for the Provost Marshal but advised the caller the article should be approved by the army's General Publicity Department.

On May 2, 1942, subject conversed with Mrs. Lillian Moorhead, who referred to a case where the FBI had investigated a person in the Military Intelligence Division who was being given consideration for an important assignment and who was thrown out because he was found to have pro-Axis sympathies. Mrs. Moorhead cautioned subject to be careful; that it was okeh to talk freely in front of Upshur and Tom Moorhead but not when others were present. She indicated such a situation existed a day or so before and subject agreed he had talked too much. He indicated this was from drinking too much and stated when he was sober he didn't care a damn.

On June 7, 1942, subject conversed with Lillian Moorhead and stated he expected to hear from Neal that date. They agreed Neal was the only one who could know and subject said he had accused Neal of it to the General and would tell Neal he had done so.

Shortly after this on the same day Neal called subject from New York City. Subject told Neal he should know there is a secret report in the War Department based on a secret FBI report accusing him (subject) and his General (Gullion) and Lillian (Moorhead) with conspiring to overthrow the Government and stating that the conspiracy was being financed by Bob Gifford. Subject told Neal that the complaint was made by Tamm who, when confronted by the General, refused to name his source. Subject said Neal always talked to Tamm and only he, Neal, knew of Lillian, Gifford and him; that as a result he, subject, was being chased out of town (referring to his transfer from Washington, D. C., to an army detail at Fort Oglethorpe, Georgia).

Neal advised he was not being chased out; that transfers are customary in the army. Neal stated Tamm was very able and that the FBI doesn't go out half-cocked. Subject said, "Who knows of Lillian, Gullion, Gifford and me except you? No one." Subject also stated he had been accused of having held meetings and in response to a question from Neal stated this was not true. Neal did not deny furnishing the information.

Subject then contacted Lillian Moorhead and told her Neal was the one; that Neal was surprised and sheepish. Both agreed Neal is half-cracked and liked a good story.

Again on the same date subject was in communication with Lillian Moorhead, who stated she believes Molly (not further identified) will open up on Gullion. She said she gave Rebecca all the information and was going to write a letter to the Colonel in subject's behalf. She stated Rebecca could get the information if anyone could. Subject concluded the conversation by stating he does not believe they will be sent to a concentration camp yet anyway.

Subject, from numerous conversations, heartily disliked his transfer from Washington to Fort Oglethorpe, Georgia. In this connection in a conversation with a woman named Caroline on June 3, 1942, subject said he might not go to Georgia because army politics were behind his transfer and he did not like it. He told Caroline he would discuss this matter with her but did not care to do so over the telephone.

Subject appears to be extremely dissolute and during the period of this surveillance engaged almost nightly in intimacies with various women acquaintances in his apartment.

The record reflects that a Colonel Lurch (phonetic) was subject's superior officer. On occasions subject was described and described himself as Gullion's right-hand man.

Subject appears to be intimately associated with Mrs. Lillian Moorhead. He visited frequently at her home and they went on numerous drives and parties together. It appears definite that each fully shares the complete confidence of the other.

On May 15, 1942, Colonel S. V. Constant, Assistant Chief of Staff, G-2, Headquarters Second Corps Area, Governors Island, New York, stated General Gullion is very ambitious and capable. Constant pointed out the War Department was having a reorganization at a crucial time and during the reorganization General Gullion had grabbed everything that was loose in the War Department. He stated that up to the present Gullion had managed to take from G-2 the character investigations of persons applying for positions with the War Department and also stated Gullion had endeavored to have a central control of all Provost Marshals in the United States but had been thwarted in this, the Provost Marshal still remaining under the direction of the Corps Area Commanders.

In the same connection and on the same date Colonel Arthur R. Harris of Governors Island stated Gullion would take everything he could but that he, Harris, was not worried about it because General Strong would take care of him (Gullion). This individual further remarked that some time past Gullion had quit the streetwalkers in Washington, D. C., for the social lights because they were just as easy, and Harris indicated that as a result of this Gullion had gotten into some trouble, the exact nature of which was not disclosed.

Sunday, June 7

Dear Edgar:-

A few days ago a most interesting occurrence took place at these headquarters. I had just come in off a mission and was drawn into it sideways.

An outfit known as the Military Intelligence Division of the General Staff which has its headquarters here in the Rockefeller Bldg, at 1270 Sixth Ave, and has had its own MP's for some months had them removed by the 2nd Corps Hdqtrs; and we were ordered to furnish more. They wanted 12 men. We sent them from our 1240th Corps Area Service Unit (CASU, a sort of Headquarters Troop). The Officer in charge of that unit is a Lt Col Sharpe, a regular army officer.

When I came into the Armory Gen Woodcock, who is not a pro-New Dealer by any means, was phoning Col Sharpe because the latter had rejected 2 of the MP's whom he said 'were of Jewish extraction'. Gen Woodcock said 'If this is true Col Sharpe I shall order you court martialled. Your attitude is contrary to all the concepts as set up for this war by Pres Roosevelt, and the men about him who are waging this war.' He hung up. A few moments later Sharpe phoned back to apologize and to say he would take anyone we cared to send!

Now this reminds me that when last I saw Sharpe, a month or so ago he was very verbose on the Jewish question. He suggested I see a Lt Col Frederick Sondern Jr, of the NY State Guard, who is an editor of Readers Digest I believe. He said Sondern had definite proof the Jews were at the bottom of all this world upheaval, and Sharpe added that he himself would not employ, as civilian or soldier any Jews to work in his very secret organization.

I have been working overly hard of late; am fairly well all in; the General gave me a 36 hr leave so I went down to Atlantic rest, lay on the beach, up in my room, rested, etc and do feel a bit better. I am finding the work here increasingly interesting and Gen Woodcock seems to have increasing faith in me and to be giving me more and more to do.

Incidentally I hate to close on a sour note, but I understand that that Baron Wrede has told many people he is Hitler's Gauleiter in Finland, in case Hitler wins the war!

Yours,

*Mr Ladd*

PSE You may recall that sometime ago I sent you some stuff on a wealthy youth called Rudolph Schirmer, whose Mother Ann Ben-kard runs the music publishing firm on 43 St (?) east? Well this young man continues to make bitterly anti-American statements. The other day he was passing on the info that 'if we hadn't badgered the Japs so, they would not have attacked us in Pearl Harbor.' - He also said that 'the Jews will get theirs long before this war is over as soon as America wakes up to the fact that we ar'n't fighting Hitler, but are fighting to continue international Jewery in world control.' -- He said too that 'Henry Ford, Lindbergh and Gen Wood are right' in their isolationist views. -- Why this young man is'n't in khaki I don't know. He has repeatedly said that 'the FBI is a Gestapo organization, interested only in headlines for itself', and such other guff.

Dear Edgar,

Jack O'Brien wired me to phone his this AM, which I have just done. This is substantially what he said:

'Tamm has gone before Mc Cloy, Asst Secy of War to claim that Gullion is holding secret meetings for the overthrow of the govnt and other such crap in Lillian Mooreheads apt. That Bob Gifford is financing the move. He has asked my removal from Wash. Thats why I'm being sent off there to Chattanooga - I'm going on the Birmingham Special Monday afternoon. -- Tamm also said that I had claimed that Hoover and Tolson were boy-friends, and all that other talk which is common down here. -- Tamm refuses to say where he got the information. Mc Cloy had him make a report for the Inspector Generals and so on. -- Now Gullion and I have put two and two together and we realize that the only person who knows all about Lillian, Bob Gifford, Gullion and myself is you. Gullion and Hoover have got to get along together because of all this Alien thing, otherwise Gullion would ask for Hoover's removal this very minute. -- So the whole thing looks bad for you. You are the only one of us who knows Tamm. You worked for him all these months. You and he see a lot of each other.'

Who gave you all this crazy dope?' I asked him.

'My General called me in to him yesterday and told it to me. He said he thought I ought to know why I was being hamstrung at the other end of the country. He said if it was'n't for the fact that he had to work with Hoover, had to get along with the bastard, he would'n't do this to me.'

I asked a lot of questions in between, such as 'Who is Mc Cloy?', 'Are you holding meetings in Lillian's Apt', to the latter of which he answered 'Certainly not; and imagine accusing a widow with 3 boys in the army of any such grotesque thing!' - I also said 'The FBI is usually right. They never go off half cocked. If they make the charge there must be something in it.' To this he answered 'Its Tamm who is making the charge, not the FBI; and I tell you we'll get Tamm and you before we are through.' He hung up.

Before phoning O'Brien I had consulted Morris Ernst on the phone. That was last night. Ernst's best advice was not to phone O'B, but I argued for it. For in the past however dissagreeable it has been we have usually found O'B was right. His info has reached us about 3 days to a week before the order became effective. - I thought therefore he would tell me I was to be transferred to some far off post or other and I wanted to get the info before the official order so that I could try to combat it first.

What am I going to do if Gullion asks me sometime, himself, if all this is true? Did I make these charges to you?

Yours,

PS Incidentally O'Brien said Gullion told him he would get him back soon, and for him to hold onto his [redacted] and he said Gullion would use it from 'time to time'. (G is quite a chaser, I understand)

Mr. McKee of the Washington Field Office called and stated that he had a memo from one of the men on the X surveillance which read as follows: "During a conversation today at about noon between Mrs. Moorhead and Van Devanter, the following took place: Mrs. Moorhead: I will tell you something good someday. Has the FBI ever been to see you about me?"

Van Devanter: No, the FBI has been to me many times about civil service matters and such, but never about you.

Mrs. Moorhead: I guess they consider me a Mati Hari or something. You know how I talk against the Administration and everything.

—The FBI went to Bob Gifford in Florida, supposedly about George but then they asked all about me. They went to Christine Lowe and asked all about the Giffords, what their income was, the source of their income and other things like that. I guess it's getting so they suspicion everyone nowadays. I thought they might have come to you about me as you are my landlord, you know.

Van Devanter: No, they haven't been to me."

Mr. McKee pointed out that Mrs. Gifford is the sister of Mrs. Moorhead. I asked Mr. McKee if he had any reports from Florida indicating we had contacted the Giffords. He stated that he had no reports of any sort on the matter and knew of no inquiries of any sort. I told him that we would check with Florida on the case.

I asked him if he knew when Major O'Brien was leaving and he replied supposedly Sunday or Monday.

Respectfully,

D. M. Ladd

## MEMORANDUM FOR MR. E. A. TAMM

Re: Mrs. J. Upshur Moorehead

*Delaney*

SAC McKee of the Washington Field Office called and advised of the following conversation between the above and her younger son Tommy. He stated he does not know what this conversation has reference to and wanted to bring it to the Bureau's attention:

During the conversation he said "Have Upshur (the second son) get to work on that darn thing." She asked "What thing?" He said "You know that O thing." She waited a moment and said "I don't quite see what you mean." He told her "There is a possibility I will become involved in this matter too because the other boy, you know I told you about him, and I today had our names crossed off the list. I don't know what it means but we weren't to go down today and be interviewed by the FBI." She said "It is too bad for Jack O'Brien had nothing to do with it and is being sold down the river, you know that." She told him that she didn't think that Upshur would be able to do much but he was trying.

MEMORANDUM FOR THE SPECIAL AGENT IN CHARGE

RE: UNKNOWN SUBJECT;  
CONSPIRACY TO OVERTHROW THE GOVERNMENT;  
SEDITION.

The following is a summary of physical surveillance conducted by Special Agents D. T. McLAUGHLIN, L. D. McCONNEL, G. W. HUTCHISON, and the writer on the unknown subject of this matter, who resides at [redacted] [redacted] from March 24 to April 7, 1942, inclusive.

b6  
b7C

Subject resides alone in apartment [redacted] and is connected with the Provost Marshal's Office, War Department, Washington, D. C. With the exception of March 27, 1942, when subject was observed to enter the Munitions Building, War Department, on Constitution Avenue, N. W., and departed at the close of the working day, he has reported regularly to temporary building "H", War Department, located at the corner of 22nd and C Streets, N. W.

Subject has no automobile and is observed to walk to and from his place of employment. Subject also walks the majority of the time during the evening and when not walking, uses taxi cabs and street cars to keep his appointments which are located some distance from his residence.

The following is a physical description of subject taken from observation:

Age	46
Height	5 feet, 11 inches
Weight	Approximately 200 pounds
Hair	Brown, bushy and turning gray

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 4/8/83 BY SP4/ew/one

Complexion	Extremely reddish and ruddy
Eyes	Dark and piercing
Scars	Pronounced scar on left cheek running from lip, approximately 1½ inches long
Peculiarities	Swings arms while walking and nearly always carries a newspaper in left hand
Face	Full
Eyebrows	Light brown
Nose	Turned up slightly at end.

It is interesting to note that subject has never been observed to walk with anyone while enroute to and from work. Neither has he stopped to converse with anyone. Subject purchases the morning and evening newspapers regularly at the news-stand at the corner of 19th Street and Pennsylvania Avenue, N. W.

Subject is regular in his habits throughout the daytime. He invariably leaves his apartment building at 8:00 A.M. and arrives at work at 8:15 A.M. At lunch hour, he departs approximately at 12:15 P.M., arriving home at 12:30 P.M. He again leaves for work at 1:25 P.M., and arrives at 1:45 P.M. Subject leaves work at the end of the day at approximately 5:10 P.M. and arrives home at 5:30 P.M.

It has been observed that subject, during the daytime, leaves and enters the rear basement door of his apartment building via the parking lot in the rear of the building and goes through the first floor of the Washington Medical Building located on I Street, N. W., between 18th and 19th Streets. Subject enters and leaves the 19th and I Street entrance of the Medical Building.

Following are the contacts which have been made by subject after 5:30 P.M. on the dates covered by the physical surveillance. No mention will be made on those dates where no activity was observed.

March 25, 1942

At 6:30 P.M., subject was seen leaving his apartment building alone on foot. He walked to the Mayflower Hotel and on through the lobby,

out the side entrance, and then walked to the building located at [redacted] where he entered at approximately 6:45 P.M. At 8:15 P.M., he was observed leaving this address, accompanied by three men, dressed in civilian clothes, and one woman. They entered a 1941 black Buick sedan bearing 1942 D. C. license [redacted] and drove to the parking lot on E Street, N. W., next to the Washington Garage, where they parked the car and then walked to the National Theater and saw the play "Macbeth". At 11:15 P.M., subject and party, after entering this automobile at the parking lot, drove back to [redacted] where the woman and one of the men left the car, and subject was driven to his residence. The Buick sedan is listed to Mr. THOMAS MOORHEAD, [redacted] The woman who accompanied subject to the National Theater was approximately forty-five years of age and heavy set. All three men were about forty years of age and all wore eye glasses.

b6  
b7C

March 27, 1942

At 6:45 P.M., subject was observed leaving his apartment accompanied by an unknown woman who is described as follows: age [redacted] height [redacted] weight [redacted] build stout, face round and full, hair black, complexion dark, dress black hat, felt with full brim, blue dress and dark coat. Subject walked down K Street, N. W., with this woman to the corner of 17th and K, where they parted and she entered the Y.W.C.A. Building. Subject continued on foot to [redacted] arriving at this address via the rear alley, between M Street and Rhode Island Avenue. It was observed that when subject entered this rear alley, he was followed by a young man who happened to be going the same way. When subject was half way up this alley he paused and allowed the young man to go by and then stepped behind a parked car and watched to see where the young man was going. He then proceeded to the rear entrance of [redacted] at 7:00 P.M. Subject also looked back while in the alley to see if anyone was watching him.

b6  
b7C

Shortly after subject entered this address, a Stutz limousine with a uniformed colored chauffeur drove up to the curb in front of the house. Two elderly, well-dressed men left the car and entered the house. The limousine then drove around to the rear of the building and parked in the parking shed where it was observed parked beside another car occupying the same shed. The Stutz limousine bore 1942 D. C. license [redacted] and the other automobile parked in the shed bore Georgia license [redacted]

b6  
b7C

[ ] Approximately twenty minutes after the arrival of the Stutz, a 1941 Hudson sedan bearing 1941 D. C. license [ ] arrived and parked at the curb in front of 1222 16th Street, N. W. Shortly thereafter, the two men who had arrived in the limousine came out of the apartment building, entered the Hudson and drove south on 16th Street, N. W. This Hudson sedan is listed to JAMES E. HUGHES, [ ] Washington, D. C. The Stutz limousine mentioned above is listed to MURIEL CRICHTON, [ ] Washington, D. C.

b6  
b7C

At 8:15 P.M., subject left the apartment building at [ ] and walked south on 16th Street to L Street, N. W., then east on L Street to 14th Street and south on 14th Street to K Street. He was observed on the corner of 16th and K to be conversing with three women on the island in the street where the bus stop is located. It appeared from his conversation that he was well acquainted with these three women. After talking with them for a short time, he proceeded down K Street on foot to his residence.

March 30, 1942

At 6:40 P.M., subject left the front door of his apartment building and walked to the main entrance of the Mayflower Hotel and immediately came out the side entrance, and walked to [ ] where he entered via the rear alley at 6:55 P.M. Subject left this address alone on foot at 8:30 P.M. and returned to his apartment. He was not observed to leave again during this evening.

b6  
b7C

April 2, 1942

At 6:15 P.M., subject left his residence via the front door carrying a tan suitcase covered with traveling stickers. He walked over on K Street, N. W., to 16th Street, N. W., then north to L Street and proceeded over L Street to 16th Street and north on 16th Street to 1222 16th Street, where he met Mrs. MOORHEAD at her parked automobile, which is a 1941 black Buick sedan, bearing 1942 D. C. license [ ]. They remained at the car for a few moments and then drove to [ ] where Mrs. MOORHEAD left the auto and entered the house. She remained there about five minutes and then came out to the car in which they drove to subject's residence at [ ].

The City Directory reflects that [redacted] is the residence of ELLA BOLLING. After remaining in subject's apartment approximately ten minutes, they both entered the automobile and again drove to [redacted] where Mrs. MOORHEAD entered and picked up a suitcase. They then drove to [redacted] where Mrs. MOORHEAD left the automobile and entered the house at that address. She remained there about five minutes. This particular address is listed to Mrs. MATTIE H. SMITH. Subject was next observed at his apartment at 9:20 P.M. and did not leave again during the night.

b6  
b7C

April 4, 1942

At 7:05 P.M., subject appeared on the street from the front entrance of his apartment building, accompanied by a woman approximately [redacted] years of age, height [redacted] medium build and black hair. The identity of this woman is not known. They walked together to People's Drug Store on the corner of 19th Street and Pennsylvania Avenue, where a few miscellaneous purchases were made. They continued on to the grocery and liquor store on the north side of Pennsylvania Avenue between 19th and 20th Streets, N. W., where they made a few additional purchases, one purchase resembling a bottle of liquor. They immediately returned to the subject's apartment where they entered the rear entrance via the parking lot. A light was observed in the subject's apartment until 9:15 P.M., at which time it was extinguished and thereafter it was observed being turned on and off intermittently.

b6  
b7C

April 5, 1942 (EASTER SUNDAY)

Surveillance was begun on this date at 7:50 A.M., and no activity was observed until 11:30 A.M., when subject walked out the front door of the apartment building alone and walked to the St. Matthew's Catholic Church on Rhode Island Avenue between Connecticut Avenue and 17th Street, where he attended the 12 o'clock Mass. At approximately 1:15 P.M., subject came out of the Church and after walking to the corner of Connecticut Avenue and Rhode Island Avenue, he was approached by a man dressed in morning clothes, described as follows: age [redacted] height [redacted] weight [redacted] hair dark, build medium, dress - wearing glasses and dark brown felt hat. The two men stood on the corner for approximately fifteen minutes talking, and then the unknown man walked east on Rhode Island Avenue to a point near 17th Street where he entered

b6  
b7C

a 1941 Ford Cabriolet bearing 1942 D. C. license [redacted] This license tag is listed to VERA L. CONNELL, [redacted] Washington, D. C. Subject was observed to walk down Connecticut Avenue and entered a black Buick sedan believed to be the automobile owned by Mrs. MOORHEAD and drove north on Connecticut Avenue at approximately 1:45 P.M. No further activity was noted through the day or night on this particular date.

b6  
b7C

April 6, 1942

At 7:10 P.M., subject appeared from the front entrance of his apartment building carrying what appeared to be a pair of trousers to a military uniform and walked to the corner of 18th and K Streets, N. W., where he caught a taxi cab and was driven to the corner of 8th and G Streets, N. W., where he entered Joseph A. Wilner & Company, tailors. He remained approximately five minutes and walked to the corner of 9th and F Streets, N. W., where he boarded a Mt. Pleasant street car to the corner of Kalorama Road and California Street, N. W. Subject entered the apartment building located at [redacted] [redacted] at 7:45 P.M. It is not known which apartment he entered. At 9:05 P.M., subject came out of this apartment building and walked down Kalorama Road to 18th Street, N. W., where he proceeded to Connecticut Avenue and entered the People's Drug Store at the corner of Connecticut Avenue and M Street, N. W. He remained approximately five minutes and made no purchases. Subject continued down Connecticut Avenue and after stopping and looking in some store windows, proceeded to the lobby of the Mayflower Hotel where he spoke for a short time to the doorman at the main Connecticut Avenue entrance, and also spoke to the head waiter of the cocktail lounge, for approximately fifteen minutes. Subject also spoke a few minutes with the head waiter of the dining room. He then left the hotel via the Connecticut Avenue entrance and walked to his apartment building at [redacted] Subject remained in his apartment for the remainder of the night.

b6  
b7C

It is to be pointed out that at no time during the time this surveillance has been in effect has subject been seen entering a restaurant and has only been observed to go to the grocery store once. It is believed that subject eats his meals in the same apartment building where he resides. This assumption is made since subject goes directly

to his place of employment in the morning and comes home regularly at noon for lunch and especially in the evening after he returns to his apartment building, and it is known that he has not departed either by the front or rear entrance. No light has been observed in his apartment for several hours after the time that he has arrived home, indicating that he must spend some time in one of the other apartments. It has been further observed that subject keeps his shades pulled down completely at all times and only rarely does he open his windows a few inches to allow some air to come in.

As a matter of possible assistance, the following are the names of residents who reside in the same apartment building with subject: Mr. and Mrs. L. MYLES, [redacted] Mr. PAUL CULP, [redacted] Mrs. V. CULLEN, [redacted] and IRENE M. KOLDA and MYRTLE A. HETLAND, [redacted]

b6  
b7c

During the period covered by this physical surveillance, no inquiries or contacts were made by the surveilling Agents, and no indication has been observed that subject has been, at any time, aware of the fact that he has been surveilled.

Respectfully submitted,

F. L. JONES  
Special Agent

RE: MAJOR J. G. O'BRIEN

SAC McKee of the Washington Field Office telephonically contacted me with reference to the physical surveillance presently being maintained on the above and inquired if this should be continued. He stated the reason he has been calling so often on this is because when the physical first started, the Bureau said it would be for a matter of two or three days.

I told McKee that I had talked the matter over with you and that we had decided to study the logs for a few days to find out if we have sufficient justification to take the physical off. I told him the physical should be maintained until we find sufficient justification to take it off and so far this has not been found.

MEMORANDUM FOR MR. Tamm

RE: MAJOR J. G. O'BRIEN  
 MRS. J. UPSHUR MOOREHEAD

SAC McKee of the Washington Field Office telephonically contacted me in connection with the surveillance being conducted on the Major, advising that since the middle of last week nothing has been developing other than his going to work, coming home, etc. Mr. McKee advised that the Major goes into the apartment building daily in the middle of the day and in the evening returns to his apartment, after which he generally visits Mrs. Moorehead. Undoubtedly it is a matter of habit, according to Mr. McKee, that he takes shortcuts which results in the appearance of something suspicious. Mr. McKee stated that he never walks around a block when an alley is available; that if he can go through the Mayflower Hotel, he will do so and that he generally uses the rear entrance to the house on [redacted] Mr. McKee stated that they have not as yet been able to determine where he takes his meals but that he is of the opinion that Major O'Brien must have some arrangement at the apartment building in this connection, inasmuch as he never buys anything of this nature.

b6  
 b7C

I asked Mr. McKee if they had been able to determine who might be coming and going to Mrs. Moorehead's apartment. Mr. McKee stated that they have some indication of this and that there is some verification on the basis of the other coverage. I told him to check on her apartment to ascertain who is coming and going in so far as is possible. Mr. McKee stated that this was being accomplished quite thoroughly through the Major; that they have obtained several license numbers. Mr. McKee pointed out that his visits to her apartment might indicate that there is some intimacy between them. I replied that this is possible and stated that the question of who is coming and going to her place might be very material and might alter our views with reference to their relationship—in other words, if there is a group present at her apartment every evening for some sort of a meeting, the picture would be slightly changed.

Mr. McKee then observed that they are obtaining a fair picture of her activities by means of the technical in connection with which he pointed out that she is a rabid theater-goer, making dates ahead of time, securing reservations, etc. Then the Major goes to her home; for example

last night he went over approximately at 6:45, staying until 8:30. I told Mr. McKee that it was desired that he continue the physical for a little while. He repeated again that it is quite a constant pattern to date and I informed him if it continues to be so for a few more days, the surveillance might be removed. He stated also that they hoped today or tomorrow to have the other one installed which might throw some light on this matter and concluded by saying he would get in touch with me in the next few days.

Respectfully,

Call from SAC McKee to L

McKee: On O'Brien, that I mentioned over in the JAG is undoubtedly this man.

Ladd: That is the one up on 16th Street, 3200?

McKee: No that was John J.

Here is the whole thing. I had a check made at the Credit Bureau which showed that a check had been made back in '35 or '36 by Louis Loebel but we have nothing in the index. The name is John Gleason. A credit report in 1928 shows an address, gives his age as 35, single, for several years employed as Washington reporter, Vanderbilt Newspaper Company, good income. This company now out of business, and O'Brien's business affiliations not known. Holds rank of Major USA in Officers Reserve Corps. No real estate. Various addresses are given where he lived, the last address in '28 being on 20th Street. Represents Cornelius Vanderbilt. Now his present address and telephone are at 918 18th Street, Apartment, 406. Directory shows USA and a telephone listing. That is the Pendennis Apartment. I got this just accidentally. One of the men from this office happened to go over to the JAG in order to inquire about future status of resignation as a reserve officer, and he was referred to this man. He describes him as being (before we got this birth date here, or age) barely 50 with hair that is getting a little gray, probably salt and pepper, and a real florid complexions, talkative. Heavy set. That is John G.

Ladd: That is swell Sam, you can start checking on him because that is the right one. And you have got the other girl lined up, I mean you know who she is, et cetera.

McKee: We have got her lined up, and these two men have made a contact at one of those rooming houses. They are going back on Monday or Tuesday — we can't rush the thing. There are several Bureau employees living in there, we understand. Our index over here showed one, a girl named Davenport. When they went over this morning and talked to her she just came out and praised her premises and everybody who lived in there and told them about everybody who lived in there and what they did and when she got to these FBI people she was particularly heavy in laying on the praise about what nice people they were, et cetera. On the third floor, and that is where we are looking for a room, I understand there are three student fingerprint boys.

Ladd: See what you can locate there.

McKee: That is only possibility in that whole block.

Ladd: Have you talked to Coffey about the setup?

McKee: Haven't talked to Coffey about this individual spot, but we did make the survey out there and Pfafman was along. He said these five houses are the only thing that presents the possibility of meeting the need. Not going to mention any telephone to her, just going to have one put in. We will get instrument and put it in there, and if any questions are asked, it is just private telephone, and keep equipment in trunk.

## MEMORANDUM FOR MR. TAMM

In accordance with your instructions, I conferred this afternoon with Messrs. McKee and Coffey, in my office, at which time I advised them that it was desired that a very discreet technical surveillance be established on the home telephones of

Mrs. J. Upshur Moorehead,  
 1222 16th Street, N. W., and

Major J. J. O'Brien.

I informed them that this was an extremely delicate matter and would have to be handled with the utmost discretion; that it should be installed without the assistance of the telephone company and without the knowledge of any person, in such a way that it could not under any circumstances be traced back to the Bureau.

Respectfully,

  
 D. M. Ladd

6:00 a.m. S.A. KEEP on duty [REDACTED] J.A. [REDACTED] NEAL.

8:45 a.m. Subject telephoned LILLIAN MOREHEAD and said that he had not yet talked with NEAL, but had received a telegram from him telling him of various people in Chattanooga whom Subject might contact. Subject said that he would probably hear from NEAL today. He advised that he was going to talk with NEAL in a restrained way about the situation. They agreed that NEAL was the only one who could know. Subject said that he had accused NEAL of it to the General and would tell NEAL that he had done so. They then discussed Subject's packing, and agreed to go this afternoon to the theater to see Bette Davis.

(NOTE: It should be noted that Subject wired NEAL several days ago to telephone him before noon on Sunday. It is also noted that although NEAL telephoned Subject last night, Subject refused to talk with him until today.)

8:50 a.m. Subject received a long distance telephone call from NEAL in New York City. Subject said that he had gotten NEAL's telegram and appreciated the names. NEAL said that they were old contacts, but he thought that they might be good to look up. Subject said that he was getting the answers to things down here, and thought that NEAL ought to know them. He advised that he was leaving tomorrow at 5 p.m. on the Birmingham Flyer. He said that NEAL should know that there is a secret report in the War Department based on a secret F.B.I. report accusing him and his General and LILLIAN with conspiring to overthrow the government, and that BOB GIFFORD was financing it. Subject said that TAMM had made the complaint, but that when he was confronted by the General he had refused to name the source of his information. Subject told NEAL that he, NEAL, always talked with TAMM, and further that he was the only one who knew of LILLIAN, GIFFORD and him. Furthermore, he added, HOOVER and the Assistant Secretary of War were very close, having worked together on alien matters and others. He also said that there was a report with reflections on HOOVER and TOLSON as a couple of queer boys, and also charging the General. He then said again that NEAL was the only one knowing all of these particular facts, and that as a result of them, he, Subject, was being chased out of town. NEAL said that he did not think Subject was being chased out of town, and that it was customary for the various officers to be sent to [REDACTED] schools. Subject said that NEAL's friend TAMM was raising hell. NEAL said that TAMM was a very able man, and that he didn't think the F.B.I. went off half-cocked on such matters. Subject asked NEAL: "Who knows of LILLIAN, GULLIAN, GIFFORD and me except you? No one." He added that he did not like to have to go, but that he was in the army and would take his orders. He also said that he was going to keep his apartment and hoped to come back again

soon. NEAL said that he thought they all would be overseas soon, and that he had gotten that on very good authority. Subject said that LILLIAN was very upset, having boys in the armed forces, and that they had accused them of holding meetings. NEAL asked if they had held meetings, and this Subject denied. Subject said that he just wanted NEAL to know all of this, and that he would say goodbye. It was noted that NEAL at no time denied having furnished any information.

8:55 a.m. Subject telephoned LILLIAN MOREHEAD and said that he had just talked with NEAL and thought that he was the one. He mentioned that NEAL had not been surprised and was rather sheepish. He said that he had given NEAL hell, and had told him that no one knew these facts except him. He further said that he had told NEAL that he had told the General so, and that now he was being shipped out on account of it all. Subject said that NEAL HAD replied that they all would be sent away. LILLIAN and Subject agreed that it was all just like NEAL -- that he liked a good story and had made a big impression on TAMM who did not know that he was half-cracked. They also agreed that it just spoiled everything -- both Subject's and LILLIAN's friendship with the General.

9:45 a.m. Subject telephoned BIRDIE YOUNG at NO 9375. No answer.

10:15 a.m. An unidentified woman telephoned Subject, and he asked if he could have a goodbye kiss. She agreed to go around to his apartment at 11 a.m. He told her to go to Apartment #406.

Subject said that he just called to say goodbye, and that he was leaving tomorrow. Subject then talked briefly with VERA, who asked how Subject's sister was. Subject said that she was all right and wanted to join the WAACs, but that he had told her not to since it was a screwy outfit.

Subject said that someone wanted to write a letter to BRESEE and that he wanted to get the exact title and initials. DILLON said that BRESEE was in the War Information Bureau and was Chief of Alien Enemy Information Bureau. He further advised that the full name was H. F. BRESEE.

She tells subject to be sure to let her know what NIEL says. She advised that TOMMY only had to get back to camp. She tells subject that TOMMY had to get into the army but that she will never forgive subject for joining.

6:00 a.m. S.A. KEEP on duty, relieving S.A. BIRALE.

8:55 a.m. Subject telephoned BIRDIE YOUNG at NO 9375 and told her that he just wanted to say hello before she left. He then informed her that he also was leaving, and would go to Georgia to start a new training center. He advised that much as he hated to leave Washington he couldn't have refused -- that to have done so would have lost him the General's friendship. He added that he just wanted her to know about it and would try to find time to kiss her goodbye before he got away.

9:30 a.m. Subject telephoned LILLIAN MOREHEAD at ME 4720 and asked how her dinner had been. She said that it had been fine, and they then discussed Subject's leaving, both agreeing that he would probably not be away for long. They discussed their plans for the day, and decided to go for a drive to some place not too far, and mentioned Normandy, presumably an eating place. They agreed to leave at 12:30 p.m. for what would be their last drive. MRS. MOREHEAD asked that Subject be particularly sweet to EVELYN today, and added that she had reasons for her request. They discussed TOM's lack of a commission, and Subject told her that he had had to attend two army functions last night. He made a date to see her tomorrow night.

10:35 a.m. Subject telephoned LOUISE at TR 3163 and informed her that he was transferred to Chickamauga, Ga., to help start a new training center there. She said that she hoped to see him before he left, and added that he could reach [redacted] any time before 7 p.m. at RE6620. Subject informed her that he planned to keep his apartment in Washington no matter how long he might have to be away.

He asked when he could see her and they settled on tomorrow, Subject agreeing to telephone her first. Subject added that if it was impossible for him to see her at dinner time she might like to come in to his apartment afterwards.

10:55 a.m. LILLIAN MOREHEAD Telephoned Subject and said that they had just finished breakfast, and accordingly suggested that they plan to meet later, at 1 p.m., and then plan on only a light lunch later. Subject agreed.

11:45 a.m. Subject telephoned MAE O'CONNEL at AD 5147 and told her that she had had a lovely party and that she herself had looked lovely. He suggested that they have dinner together Tuesday night, to which she agreed.

11:55 a.m. Subject telephoned HENRIETTA DONAHUE at RE 1400 and told her that he was leaving. She said that she also was leaving Tuesday week to go to Chatanooga on ten days leave. He said that that was where he was going - that the Provost Marshal was setting up a training camp in Georgia just a few miles from Chatanooga. Subject told her that he wanted to see her, and suggested that she come by his apartment for a drink, but she refused. He insisted that he wished to see her, if only for a little while, and she said that she might be free between 6:30 and 7:30 p.m. Subject said that he would give her a call later.

12:10 p.m. Subject telephoned LILLIAN MOREHEAD at ME-4720. She teasingly referred to him as "a little monkey", without the connection being made clear. She advised that they had had a very good evening, and that EVELYN had learned a new word. She repeated the word, together with several others of a vulgar nature, which she said had been commonly used all evening. She said that all of them had been quite impressed by Subject. MRS. MOREHEAD suggested that if tomorrow was a nice day they might go out to the country. They discussed the gasoline situation, and Subject said that there were eleven gallons in the car. She said that TOM would use it tonight, but Subject admonished her that they had only 33 gallons to last six weeks, and pointed out that TOM would use a gallon tonight. It was Subject's opinion that TOM should not use the car any more to run back and forth to the club. They agreed to go to Middleburg for a drive tomorrow, and she assured him that it would be Dutch treat. She asked him about tonight, but he said he thought he might have to go to Aberdeen. She asked how his money was holding out, and whether he had been having to lend any more of it. Assured that he had not, she asked if he could let her have \$50. by the first. Subject indicated that he could.

She said that she had thanked MOREHEAD HOLLAND for the photograph, and they both agreed that "she" was a beautiful girl and that "he" was lucky to have her. He advised that he had been up all night getting the diplomats off on their ship. He said that he would let subject know when he got down to Washington, and mentioned that he expected to get down in two or three days. She asked about subject's plans but he was evasive, saying merely that he was not going to NATALIE'S. (It is believed that this was a station-to-station long distance call from New York City by the same man who has previously called subject from that point). The caller said that he was coming down in a couple of days, probably Wednesday night. He also said that he had seen that subject was to have a new boss, but subject said that was news to him. 12:15 P.M. - one time she had called she received a busy signal. He said (Cont'd) that Uncle LEO had called this morning and said that he would come down this week. She said that was nice, and asked what he did. Subject advised that he was on Public Relations. She said that she hadn't asked him over tonight but that she would like to have him over tomorrow night, when there would be four of them. He accepted, and she indicated that she would also like him over tonight, when only she and UPSHUR would be there. He said that he had a tentative engagement for tonight. She said that she liked him to be with UPSHUR, who felt that subject was backing him up. Subject said that he had backed EDDIE MEICHER up too, and they laughed, indicating that EDDIE hadn't done so well. She then related the story about some man who was with Military Intelligence who had been investigated by the FBI in line with its customary investigation of men who were going into important military positions, and who had been turned out because he was found to have pro-Axis sympathies. She stressed this, and cautioned subject that he should be very careful about this. She said that it was all right to talk freely before her or with UPSHUR or TOM, but that he shouldn't when there were others present. She indicated that such a situation had existed a day or two before, and subject agreed that he had talked too much. He said that it was from drinking too much, and that when he was sober, he didn't care a damn. No specific reference was made to just what he had said, or when or where it had occurred.

5:45 P.M. - Subject dialed Me 3741. No answer.

5:55 P.M. - An unidentified woman (probably CAROLINE, with whom subject had a date for 6 PM tonight) telephoned subject and advised that she was then at Westmoreland Circle, having been in town today. CARL said that he had arrived this morning, and wanted to buy subject a drink. Subject said that he had an appointment at the Army-Navy Club. He asked CARL where he was staying, and CARL said that he was at the Annapolis. Subject said that was too bad, but knew that it was hard to find a place. CARL said that he was leaving tomorrow. He advised that he was doing very well with war work. Subject said that he had a very good assignment - that he was on the staff of the Provost Marshal. CARL said that he was going to the Munitions Building tomorrow - that he was trying to get a machine tool. He advised that he had come down to see the Textile Division of the WPB, and had completed his business with them today. He explained that he had therefore decided to try to see about the machine tool he needed - a tool grinder. He related that the wrong preference rating had been assigned to it, so that he couldn't get it until next November, whereas if the correct rating had been assigned in the first place, he would have it now. He said that the rating had been changed, but that he still couldn't speed delivery on the tool. He said that he didn't know whom to see about it. Subject said that he shouldn't go to the Munitions Building, and suggested that CARL go to the new Information Building. He thought that since it has recently been under attack it might try to help him out. CARL said that he would give subject a call again in a month or so. Subject said that he had to go to a little dinner tonight, but might be free about 9 or 9:30. He asked CARL'S room number, and CARL said that it was 817. Subject said that he might call him later.

After completing his business, he said, he had returned shortly after 9 PM and spent the rest of the evening very quietly at home. She advised that TOM had gotten the car shined and serviced yesterday before leaving last night. They discussed the unsatisfactory nature of her garage arrangements, and agreed that VAN or UPSHUR should do something about the garage, and get someone reliable to put in charge of it. They then discussed their plans for today, and decided that they would go for a drive this afternoon, after which subject would let her rest for a while, and tonight they would go out to Westmoreland Heights. Subject said that he had gotten all the information on "them", apparently referring to the people living in Westmoreland Heights. He said an officer had told

him that the man was queer, had been in Moscow, and that they might see some naughty movies tonight. They then decided to meet at 1:30 PM, subject saying that he would get a bite of lunch for himself beforehand.

9:40 A.M. - Subject's friend at ME 4720 telephoned him to ask if he had a Times-Herald. Upon saying that he did, she asked if he would save it for her, explaining that there was a little note in the society section by PEGGY HUNT about TOM that she wanted. Subject said he would cut it out and save it for her.

9:45 A.M. - Subject dialed ME 4720 and told his friend that he had found the clipping. He said he had noticed also that it mentioned the party, and they discussed the fact that there would be a lot of queer people there. They then discussed divorce, subject mentioning that DORIS FLEESON, the newspaper woman, was getting one. They attributed other divorces they mentioned to couples seeing too much of one another, and contrasted their own arrangement where each looked forward to seeing the other. Subject asked if she had read CASSINI'S column which mentioned the unpopularity of the British, and they discussed this subject.

10:10 A.M. - Subject dialed ME 4720 and asked if his lady friend took the Star. She said that she did but hadn't read it yet. He said that there was a very good picture of Mrs. SANGER in it. She said that VAN had gone to HOPE RIDING MILLER'S party and had seen Mrs. ETHERIDGE there. They discussed what a short time it had been since her husband's death, and subject said that he was a terrible bore anyway. They also discussed some woman who had paid \$5 for a ticket to a party given by the French and had torn it up when she found it was the Vichy French and not the Free French. They agreed that this was foolish. They then discussed how a Mrs. DRAPER had taken quite a fancy to VAN, and decided that there could be no passion involved. She then said something about subject's activities last night, asking if that could be sabotage. Her meaning was not clear, and instead of discussing this, subject said that he would see her later.

12:05 P.M. - Subject telephoned AD 9851 and asked for NELL KNIGHT. NELL'S roommate came to the phone and said that NELL had gone to church. Subject said that NELL had told him not to call before 12. He asked how they liked their new place, and said that he would call later.

- 12:25 P.M. - Unidentified woman telephoned subject. He asked how she was feeling, and she said that she had just got up but had a little headache. He told her that he thought she drank too much. She asked if he had eaten, and he said that he had, referring to beans, etc., as though she knew what he had in the house. He told her that they had left the radio on last night and burned out all the tubes. After a good bit of discussion, and experiment on the part of subject, the woman suggested that she might have pulled out the plug when she made the bed. Subject tried the plug and the radio started playing. Subject asked what she was doing, and she said that her family had all gone out to ride but that she had stayed home. He suggested that they might get together for a little while, but she refused. He told her that he had to go to a luncheon at the Army-Navy Club at 1 PM. He asked if she had gotten the wine safely home, and she said that she had and that it was then in her closet. They discussed their time together on the previous night, and she recalled that he was to buy smelling salts and a cellophane bag tomorrow. She said that she was leaving for New York on June 15, and he said that by then he might be in Australia. She agreed to see him Tuesday after work.
- 12:40 P.M. - Unidentified woman telephoned and asked for MARION. Subject advised that she had the wrong number.
- 12:42 P.M. - Subject dialed CO 6642 and asked for POLLY. A woman said that POLLY was working and was not home, and added that POLLY had worked until 11 PM last night and had probably gone to spend the night with some friend since she hadn't been in. (Note: above number not clear).
- 12:45 P.M. - Subject dialed ME 3741 and talked with MARY. MARY said that she was working days now, from 6 AM to 2 PM, except Sunday, and that she was off today. Subject said that he had been out of town on an army inspection tour. He further advised that his army work necessitated a good many social activities. MARY said that she had just gotten out of the tub. After some crude talk in which it was decided that they should get together soon, subject asked MARY if she weighed 210 pounds now. MARY said that she must weigh all of 220, since none of her clothes fitted any longer.

12:55 P.M. - A woman identified as LOUISE telephoned and said that everybody had gone to the ball game but she had refused since it was a double header, and had just undressed to get some work done. She asked about the job and subject said that he had done his best but they wouldn't start her at more than \$1800. She said that she made \$40. a week now and wouldn't consider it. She then went into a long discussion of how her firm was moving to another building in Georgetown since International Business Machines had bought their present place at an exorbitant price and given her company 2 years free rental in a building owned by IBM. She asked subject if he would telephone her at work at 10 AM some morning and tell her that it was the War Dept., and that she was offered a job at \$2600. She said that it was not to mean anything, but she wanted to use it to try to get more money from her present employers. Subject tried to get her to promise to come to see him if he made the call, but she refused and insisted that he do it as a favor. He asked if she was still with BOB all the time, and she said that she was. She advised that BOB usually goes to meetings on Friday nights, and she might be able to slip out. Subject asked if BOB and she were living together, but she said that he lived across the street. She advised that he bought all the groceries, however, and also kept the car in repair, etc., and that she couldn't manage alone financially without his help. She said that he came in at 6 AM to fix breakfast, and that she drove him to and from work. He also cooked dinner in the evenings. Subject asked why they didn't get married, and LOUISE replied that she didn't want to. Subject asked if BOB was still married, and LOUISE said that he was not - that he had gotten his marriage annulled. LOUISE promised to let subject know when he could see her.

1:12 P.M. - Subject's friend at ME 4720 telephoned and asked that subject come at 1:45 PM instead of at 1:30 PM. He agreed.

6:00 A.M.-SA KEEF on duty, relieving SA BEALE.

7:40 A.M.-Subject received a call from an unidentified man, the call apparently being a station-to-station long distance call from New York City. Evidently the caller was the same person who tried unsuccessfully to reach subject several days ago. He said that "Aunt GERTRUDE" had died of thrombosis. This excited no comment on subject's part, and the caller remarked that someone he knew had recently received a letter from subject concerning some petty thievery at a USO place on Park Avenue. Subject advised that this must be a mistake, since he had written no such letter. Subject asked what the story about going to Honolulu was all about, but the caller said it wasn't all definite yet and he wasn't sure. Subject said he had heard that his brother had gotten a captaincy in the Air Corps. The caller said that he remembered his old general--WOODSTOCK--who was dead set against drinking. The caller then remarked that he had heard Aunt GERTRUDE was sick but had thought she was pulling something. He had seen in the morning's paper, however, that she had died during the night. Both agreed that they would shed no tears. The caller mentioned that "QUEEN" is much better. He also said that "STEPHENS" had arrived as a Naval intelligence officer, and they both indicated a distaste for him. The caller indicated that he might come to Washington sometime, and subject said that he might also get to New York, and in a half-hearted way they agreed to see each other in either event. Subject said the morning paper carried a story about the bombing of Tokyo but there had been no confirmation. They agreed that they didn't care if it was bombed off the map, and subject said that he had never seen such a "stinkeroo" of a place. The caller said he had seen General DRUM, and that there were seven generals at the headquarters there. (This was the end of the conversation, which seemed rather pointless. Both men seemed to be trying to think up something to say.)

MAILED 1000

8:40 A.M.--Subject telephoned NA - 7080 and asked if the New York Times had come in. Assured that it had, he asked that a copy of it and the Star be saved for him.

9:05 A.M.--Subject telephoned his good friend at ME - 4720 who spoke in a much more subdued manner than usual. He asked if she had caught a cold, but she said that she had not. She related her visit yesterday with "POLLY," who has a beautiful home with a swimming pool, tennis court, etc. She advised, however, that POLLY'S husband was a Jew, and that all the other guests had been Jewish. Subject asked if they should hit the road today and she readily agreed, they apparently having planned this before. She said that the car was at the back, and that TOM had had it serviced. He said that it was only about 40 miles there, but she believed that there was some other item which should be checked and said that she would call over about it and then call him back.

10:00 A.M.--A woman whom subject identified as Mrs. BIRDIE YOUNG telephoned him. She said that she had visited Leesburg, having gotten some leave. Subject said that he had seen her friend, Colonel HEFLIN, and she said that she rarely ever saw him any more. She said that she had bought a steak and wanted subject to come to dinner tomorrow night. He told her that it was absolutely impossible due to his Army duties, and also expanded at length on the many social obligations his position entailed. He said that it would be much better for him to telephone her from the office sometime when he saw that he would have a free evening. She advised that she had a bottle of fine liquor and she wouldn't break the seal until he came, and he responded that he needed no inducements to go to see her. She said that she needed to see him very much, and they discussed this angle for several minutes.

10:30 A.M.--Subject's friend at ME - 4720 telephoned him and said that it was a good thing she had made the call for the place was closed until the first of May. They decided that the drive would still be nice and that they could see the ocean, and subject suggested that they could go to Carvel Hall. They then discussed the car again, and the need for conserving the tires. Subject said there had been many a night when he would have used it but for the fear of someone stealing a tire when he would have had to park it in a bad place. She said that she needed a little money, just so they would have enough for the day, and asked that he get her \$10 or so, and assured him that he would get it back. They decided to leave at 12:30 P.M.

10:45 P.M.--Subject telephoned AD -2961 and asked for NELL KNIGHT. After several minutes, NELL came to the phone and said that she had been taking a shower. Subject said that he had been trying to get her,

and she said that when he had called and left his number, she had called him back but he had been out. He said that it was very hard to reach her since the phone at her place was always busy after 5 P.M., and she had refused to let him call her at the office. She said that she and another girl had been looking for another room. He asked to see her tonight, but she said she had to look for a room and suggested he might help. He refused, and she said since she had inserted an ad in the paper she would have to look. He offered to take just her, but NELL said the other girl had to go with her. Subject told her that at this time of year there were always a number of functions at the Embassies and if he only knew her better he would like to take her. He made a few broad hints of what he had in mind, but somehow the conversation turned to how hard she was working. Subject told her that he could get her an easy job, and she asked if he could get her \$1,800 instead of another \$1,440. He assured her that he could, and urged her to come to see him at his apartment. NELL promised to let him know when she had finished moving. During the conversation, it appeared that NELL, who speaks with a pronounced Southern accent, is from South Carolina, and that subject is from Massachusetts.

2:45 P.M.-Subject's telephone rang. No answer.

6:00 P.M.-SA BEALE on duty, relieving SA KEEP.

10:34 P.M.-Subject dials LI - 6678 and talks to a woman whom he calls TERESA. He advised that he just wanted to let her know that he got home safely and had put the automobile in the garage. She says that he was very stimulating and not at all dull. She refers to subject as JACK. This was the first time TERESA and subject had been together. There is a discussion about subject being a gentleman. Subject asks if she would like to have his telephone number at the War Department. She says no for they may be tapping our wires at the War Department. Subject insists that she call him there without results. She advises that if he sees her again he will have to see her on her own terms. TERESA laughs throughout the entire conversation. Subject advises he will call her soon.

12:30 P.M. - Subject telephoned OR - 2217, and the phone was answered by a woman who gave her name as MISHANOWSKI (phonetic) and with whom subject is very friendly. From the conversation, it appeared that the woman is a White Russian, that her husband is addressed as "Captain," that subject has not yet met the Captain who is never home over the week-ends (or only on week-ends), and that the woman has recently moved. She said that she had tried to get in touch with subject, and he replied that he knew she had called, but that the phone at the office had been too busy to use and that he was calling her during his lunch hour. They spoke of the woman's new place, and she reminded subject that he had said he would come help hang the pictures. Upon being assured that she was all settled in the new place, subject said that he would try to stop by tomorrow night. He advised, however, that he had to attend an informal dinner party and it would depend on whether or not the others wished to attend a movie afterward whether or not he could come. He mentioned "HELEN," evidently a friend or relative of the woman's, whom he described as quite an armful. They also discussed how it would be for subject to meet the woman's husband, but he said that it wouldn't worry him in the least. Subject said that he would call again tomorrow.

6:35 P.M. - Unidentified woman, who sounded like the same one who came by to see subject yesterday, telephoned subject and asked if he wanted her to come by for awhile. She said that she was down the street away, and agreed to arrive in 20 or 25 minutes.

She added that it was too bad LILI (daughter) could not go on the Clipper. Mrs. MOORHEAD said MARSHALL got over fast enough (Gen. GEORGE MARSHALL). She said yes, but civilians cannot ride on the bombers. LILI wanted to do something with Mrs. MOORHEAD Saturday. Mrs. MOORHEAD said she had to go to a cocktail party given by LOUIS MONTAGUE. LILI said, "I understand he is just another of the boys" (pervert?), and Mrs. MOORHEAD said, "Oh no, he makes a play for the young girls". LILI said that Mrs. COBURN'S daughter goes out with him. Mrs. MOORHEAD said, "Why, she is going to marry WALTER P. CHRYSLER, Jr., who is a notorious pansy". They also mentioned this girl going out with the General (GULLIAN). They both then agreed that the General was wrapped up in the war and didn't want to get married again. (He has 5 children). Mrs. MOORHEAD said that Lt. 7:19 P.M. - Subject dials OR - 2216 and asks for Madam SCHNEIDER. Person answering asked subject who was calling, he replying: "Major O'BRIEN." Call was made to SCHNEIDER'S Restaurant, it appeared. Subject addressed her both as ANNE and Madam. She advised Major that she had her boy friend with her this week and whom she calls BILL. Major advised he had been in to see BILL, whom he called Captain, but as Captain had been busy he had not waited to see him. Major and Captain talked for a short while. The Captain mentioned receiving a letter from Admiral HART and mentioned Colonel LURCH who, subject advised, was his superior officer. Major again talked to Madam SCHNEIDER and advised her that he had a private telephone at home, ME - 0135, and to call him sometime. Major advised that he would call her before noon in the morning.

As of possible interest, Captain or BILL, referred to above, is stationed at Fort Washington.

9:50 P.M.- Subject's telephone rang but no one answered.

April 5, 1942

6:00 A.M. - SA KEEP on duty, relieving SA BEALE.

9:00 A.M. - Subject telephoned ME - 4720 and talked with his lady friend. She thanked him profusely for his potted plant, which she has placed on the piano, and told him that he had missed nothing the evening before. She said that the dinner had been good--they all had remarked about it--but the play had been very poor with a stereotyped plot. He asked if she still wished to see "The Male Animal" today, and she said that she did. He suggested that the roads being crowded, there was no use to go for a drive, and they agreed to see the movie, which is at the Earle Theater, and then return to her place. Incidentally, she mentioned MERRITT SWIFT again during the conversation about the dinner last night, from which it was gathered that he had once lived at Corregidor with his father, General SWIFT, and had known some other guest at the dinner party in the Phillipines.

9:05 A.M. - Subject dialed National 7080 but received no answer. He then dialed the same number again but still received no answer. During this time, a man's voice, evidently in subject's room, could be heard indistinctly, subject answering in monosyllables.

- 9:10 A.M. - Subject received a telephone call from an unidentified woman (She is not the one at ME - 4720) and they spoke to each other in terms of endearment. She asked him over to her place tomorrow evening for dinner, but he refused the dinner and agreed to see her about 8:30 P.M. To her repeated invitation that he also come to dinner, he said that if he saw it was possible he would give her a ring tomorrow at work. To assist possible identification, this woman had a rather tired voice.
- 9:45 A.M. - Subject dialed AD -2961, but received a busy signal.
- 10:00 A.M. - Subject again dialed AD -2961, and again received a busy signal. During this call, the sound of conversation could be again heard in subject's room.
- 10:10 A.M. - Subject again called AD - 2961 and the phone was answered by an unidentified woman. Subject asked for "NELL--NELL KNIGHT" and the woman said that he must have the wrong number. After determining that subject had intended to get AD - 2961, the woman said that NELL was not there, having gone home for the week-end. He asked that she leave word for NELL that "the Major" had called.
- 11:05 A.M. - Subject called NO - 7760 and asked for MARY FRANCES. MARY FRANCES came to the phone and mistook him for "AL". From the conversation it appeared that subject and MARY FRANCES have never met but have heard of each other through some mutual friend. They were supposed to meet at the Mayflower Hotel some few nights ago and each claimed to have been there but not seen the other. From conversation, subject evidently believes MARY FRANCES to be a hot number, and she tried hard to get him to send her some flowers on to take her out to the Victory Room of the Hotel Roosevelt tonight, without apparent success. He asked if she worked for the Government and she said that she did, but was evasive to further questioning along that line. It was finally decided that subject would stop by to see her this afternoon. MARY FRANCES said that her roommate was named ANNA JEAN and that they lived at [REDACTED]
- 11:20 A.M. - Subject received a telephone call from "CHUCK", who said that he had not received the letter from subject. Subject replied that he had written a very nice letter and that it was probably

in the mail. This letter is with regard to a friend of CHUCK'S who wants to get a commission in the Army. Subject said that he was not supposed to contact the public now, being on special assignment by the general, and tried to get out of meeting CHUCK'S friend. CHUCK said that this person was GEORGE JOHNSON of Orlando, Fla., who is about 35 years old, married, two children, and well-to-do. He is connected with the Hall-Johnson Co. (Note: The Hall-Johnson Construction Co. are owners and operators of The Pendennis Apts. in which subject lives). CHUCK expects JOHNSON to come to Washington soon, and suggested that subject have dinner with them at the Mayflower. CHUCK will call subject again when JOHNSON arrives. (It is believed that "CHUCK" is probably an employee of the Hall-Johnson Co.)

12:05 P.M. - Subject's telephone rang, but he did not answer.

12:55 P.M. - Subject called Information; asked for the number of JONES at [redacted] Information said that it was North 2512.

b6  
b7C

1:00 P.M. - Subject dialed NO 2512 and a woman answered whom subject addressed just as MARGARET and then corrected to ELIZABETH. Subject told ELIZABETH that he had been back in the army for 3 or 4 months and was with the General Staff. He was also very proud of having lost 25 pounds. ELIZABETH then called "MRS. JONES" to the phone. Mrs. JONES told subject that she had enjoyed so much the evening with him and the woman at restaurant. (NOTE: Mrs. JONES did not mention this woman's name, but from the context it appeared that she is the one whose number is ME 4720). Subject said that this woman's oldest son is with the War Plans (?) Board, and although he is married and goes home on weekends, he lives during the week in Washington. Subject also said that he would see the woman today and take her to the movies. Mrs. JONES then said that Mr. JONES had been sick and was on a trip to Richmond. Subject asked her when she was going to see him in his uniform, mentioning that he had been wearing it two months and also that he had lost 25 pounds. He then said that as an old friend he might stop by this afternoon about 4 or 5 o'clock.

1:15 P.M. - Subject received a telephone call from "CHUCK" who asked if subject was busy. Subject said that he was, and was going right out. CHUCK said that he was in the building and had just thought that he might run up and see subject. Subject said that he was leaving and hung up.

5:35 P.M. - Subject telephoned his lady friend at ME 4720, and they discussed the plant he had given her, which appears to be dying. She was in a hurry to get away to an "unveiling", however, and subject said that he would call her tomorrow.

5:40 P.M. - Subject telephoned (number not clear) and asked for Mr. RATHNOE (phonetic) apparently a tailor, with whom subject discussed his uniforms. He made an appointment to go by at 7 PM this evening to check fitting and to have one cleaned.

VAN DEVANTER to MRS. MOORHEAD. He ate dinner with MARY (EDGAR) last night after attending a cocktail party at his cousin's, MRS. DONALD MCNEIL, who lives at the Altmark. MRS. MCNEIL'S daughters each have an apartment there. One of the daughters married ADMIRAL MOFFET'S son. The other is unmarried. Her name is SYLVIA. A MRS. TATUM was there. VAN DEVANTER said he was five minutes late to dinner with MARY and she was already eating. MRS. MOORHEAD said she attended LYDIA'S luncheon and that ETHEL WISE, MRS. CORDTZ (Pho) MRS. P. LEE PHILLIPS and GLADYS (WERLICK) were there. GLADYS had on a filthy dress. She said all the women were furious because they were not mentioned in MRS. PENDLETON'S will. VAN DEVANTER said he would not consider living in the apartment over his office as it was too close. He did not know whether GERTRUDE KNOX was going to rent the apartment or not. He said he was going to his sister's today. He said MARGUERITE (COUNTESS CASSINI) wanted him to listen to the GIGI and BOOTSIE (Pho) program on the radio at 10:15 Sunday nights.

9:55 A.M.

MRS. MOORHEAD to GLADYS WERLICK. GLADYS went to see the Russian girl sniper yesterday. MRS. MOORHEAD said that she believed the Russians were wonderful fighters but she agreed with LADY ASTOR one hundred per cent when she said they were fighting for themselves. MRS. MOORHEAD mentioned an article in the morning paper which said WENDELL WILKIE asked if there were any boys from his home state of Indiana among the troops in Egypt. The reply was, "Yes, but they are all in the guard house." MRS. MOORHEAD said she didn't blame them. She said, "Why should our boys be fighting over there in the desert?" GLADYS said she was going to some function (bazaar) at MARIE MCNEILS at 2523 "Q" Street. MRS. MOORHEAD said she was dining at the Mayflower with a friend but might come over afterward. GLADYS said that MR. HALL (the Pendleton Estate lawyer?) told her that she was cut out of MRS. PENDLETON'S will as she inherited plenty from her father. MRS. MOORHEAD said she was taking her cousin VIRGINIA HUNT and GERTRUDE KNOX to the Club tomorrow.

VAN DEVANTER to MRS. MOORHEAD. She said she had a reply to her note, not from GENERAL GULLION but from COLONEL DILLON who answered for him. She read the reply to VAN DEVANTER and it was in substance as follows: "I have been requested by GENERAL GULLION who is absent at present to reply to your letter of July 13th. I have verified the fact of your son TOM'S transfer and wish to advise you that the transfer will not militate against his chances for appointment to Officers Training Camp if he is otherwise qualified. The Provost Marshall General's Office does not have anything to do with appointments to Officers Training Camp but these appointments are made by the superior officers under which he is assigned. I assume that your son has the necessary qualifications for selection for Officer's Training and if so, his selection in the future would depend upon his strict adherence to soldierly conduct. Very truly yours, COL. DILLON." MRS. MOORHEAD indicated that TOM would not very well qualify under the clause "strict adherence to soldierly conduct." She said, "My boys don't have much enthusiasm for this war. I don't believe anyone has." She said DICK SUEY a friend of theirs in the Marines who was there for dinner when the GIFFORDS were there was "rabid" about TOM getting a commission but TOM wouldn't take the steps. SUEY told him to take. She said "In JACK'S (O'BRIEN'S) letter this morning he said, "This (TOM'S transfer) certainly spoils your set up."

She said have you found out who's behind it (the transfer)? He said no, but I missed a guard (stretch of duty) while at the White House and that may be one of the reasons. TOMMY said that he was going to Cuba (which apparently SULLIVAN did not know) and explained that SERGEANT REYNARD (pho) told him that he was going. TOMMY said that he knows that he is being "SHANGHAIED". TOMMY had SERGEANT REYNARD who was also amazed to have TOMMY on the list trying to find out why his name was on the list but apparently the order came from higher up and he could learn nothing. TOMMY doesn't want LT. SULLIVAN to do anything about it directly but to find out on the "Q.T" who is behind it all. LT. SULLIVAN said he would see what he could do. TOMMY said, "my name was added alone a week later after the main list had been made up." He said that instead of letting SERGEANT REYNARD pick the name of someone in the company when they added to the list someone higher up did it. LT. SULLIVAN asked TOMMY if his name might not have been added by accident to which TOMMY did not give a direct answer but said "for my own reasons I really don't think so." TOMMY said, "Don't make a point of checking it so as it will be obvious." TOMMY will be around for about a week before leaving so LT. SULLIVAN can take his time. TOMMY said, "I want to go to Cuba and my mind is all made up to do so and I don't want you to do anything that would look like you are intervening but merely try to find out who added my name to the list and why if possible." LT. SULLIVAN said that he thinks that he knows some "good eggs" who will give him the real dope. TOMMY will get in touch with LT. SULLIVAN again toward the end of the week.

9:05 AM (IN ) MR. VANDEVANTER to MRS. MOOREHEAD telling her about the dinner he attended last evening at a private home (this is believed to be the home of PEGGY VOGLER) which was attended by 25 soldiers. She said that she and MRS. DUNCAN CAMERON agreed with one another yesterday that they thought it was terrible that MR. ROOSEVELT sent our boys to war after he promised he would not. MRS. MOOREHEAD is going to the Molly Pitcher Inn in Redbank for a week then from there to the GERRARDS at Spring Lake, N. J. The little inn is near UPSHUR and CRISSY'S (MOOREHEAD) home at Rumson, N. J. He will call her tomorrow and they will go somewhere.

9:45 AM (IN ) MAJOR JOHN W. O'BRIEN to MRS. MOOREHEAD long distance from the Officers Club at Ft. Oglethorpe, Georgia, "Collect". She told him all about TOMMY leaving for Cuba this Wednesday evening by army bomber. He said there was nothing he could do. He said it would be up to TOMMY'S company commander to recommend him for officers training and he doubts if TOMMY could pass the exam as it is very tough. He doubts that there is anything behind TOMMY being sent to Cuba as eventually all of the men will be sent somewhere. She told him that when she returns from Spring Lake in September she plans to come down to see him for a week or so. She said, "Well, I have no reason to stay in Washington now as there is two down and only one to go—being UPSHUR who is never with me from Friday through Monday anyway." He told her that he is trying to get leave for October or sooner if possible. She said, "Well, when you told me your story when you were transferred at that time I thought of NEAL (VANDERVILT). He is the one in my opinion that caused your trouble." He said, "Well, anyway I am here now and don't like it." He will write her and tell her not to worry. He said he was in no position to aid TOMMY as he can see it. She told him that she wanted to talk to him about it anyway though she doesn't suppose there is much can be done.

10:35 AM (IN ) MR. VANDEVANTER to MRS. MOOREHEAD saying that LT. SAMUEL BIDDLE ~~was~~ is on leave from the Caribbean. MRS. MOOREHEAD tried to get in touch with him as TOMMY saw him and they wanted to have him visit them. She told him about talking with JACK O'BRIEN about TOMMY'S transfer but nothing could be done. She said if she loses all three of her sons she would just "turn on the gas." TOMMY is her favorite of the boys. IGOR CASSINI, he said, has been reclassified into 1 A; MARGUERITE, his wife, is very much dependent on him as well as his mother but he hasn't appealed. She said that the company commanders, sergeants and men who have not the good breeding of men like TOMMY hate boys like TOMMY because of their breeding.

These other men are all men who have gotten into trouble or done something and he had not gotten into trouble or done anything so wonders what is back of it all. Memorandum for the Director

I thought that you might be interested in the attached log which indicates the possibility that Mrs. Moorehead's son, Tom, is assigned to guarding the eight saboteurs at the District Jail. As you will recall, Tom Moorehead is in the Army as a Private and has been assigned to guarding the White House.

We have no information to indicate definitely whether young Moorehead is actually a member of the armed guard at the District Jail.

Respectfully,

  
 D. M. Ladd

She had an interesting call from a man yesterday who said he was from the Douglas Aircraft plant in California and knows HARRY MOORHEAD very well. This man (name not given) spoke very highly of HARRY and said he didn't think HARRY would be called for the army and, if so, not soon. He and his boss may come by this afternoon for cocktails and she is trying to arrange to have UPSHUR MOORHEAD home. The Douglas Aircraft maintains a large apartment at the Westchester just for their employees who come in and out of Washington. TOMMY said he was to rifle practice in Anacostia today and is on restricted duty all week but will try to come home tonight to get the letter from DICK BOLLING which he is anxious to see. MRS. MOORHEAD warned him that he had not better take any more chances leaving camp as she is afraid he will get into serious trouble. He said he thought he would take the chance.

She suggested that next Thursday they take GLADYS and perhaps MERRITT SWIFT and have dinner at the Club. They will take his car. She said Helen ESSARY had an article about JOBSON in her column. He said that BETTY HINES had a nice article about the COSTES (ROUMANIAN CHARGE D'AFFAIRS) but that IGOR CASSINI'S article was not good because he stated that COSTES were pro-American and he was afraid that this would get back to Germany and cause them trouble. He had talked to BETTY HINES and MARGUERITE (CASSINI) about the dinner he gave the COSTES. He said you can not trust the CASSINIS. They will do anything for a story. He said that MARGUERITE (CASSINI) had tried to get him to admit that MRS. BRYON (Congresswoman) was at the COSTE dinner but she was not there. He said the "General" (GULLION?) had gone to the hospital yesterday with trouble with his back. (He indicated the "GENERAL" was upset about other things.) She said she saw an article in the Evening Star last night about his moving. She said it did not mention his name but mentioned BROWN and LEARCH (Pho). She said she was going downtown this afternoon. 9:35 AM (OUT) MRS. MOORHEAD to LILLI COURTNEY. She asked if she had seen in the newspaper that "our old friend" PITT SCOTT died. TOMMY has just come in from Ft Myers. They enjoyed their visit to the Club yesterday. She said that today she is spending with JACK O'BRIEN. They are going first to see RITA HAYWORTH in "MY GAL SAL" then they will go for a nice drive in the evening. MRS. COURTNEY said that she (MRS. MOORHEAD) will probably miss JACK O'BRIEN terribly and "now maybe you can see some of the comforts of matrimony". MRS. MOORHEAD said "No, never with this man. He is too mean and ~~only~~. He can treat you terribly at times and has such a nasty disposition. If I could find some sweet lovable man like CHARLEY COURTNEY, it would be different but at my age it is difficult to meet them and I wouldn't want to live with a man as a steady diet who would always be bickering". MRS. COURTNEY said "Well, you should know him". MRS. MOORHEAD said "I think I do."

- 9:40 AM (IN ) JACK O'BRIEN to MRS. MOORHEAD. She said that the play "Arsenic and Old Lace" was very poorly acted last night and she did not enjoy it. LORD and LADY HALIFAX sat just in back of VANDEVANIER and herself so it was lucky he (JACK) wasn't there as he could not of stood that and there might have been a 14th murder. He will come over and get her early this evening. They will go for a short drive and have dinner out. He said that "things are all up in the air again and I don't know whether I will leave this Saturday or a week from now". He plans to have his brother who is in the Army Air Corps live at his apartment while he is gone. He will call her when he comes home this evening.
- 9:45 AM (OUT) MRS. MOORHEAD to Louise Home Market ordering groceries.
- 11:30 AM (OUT) MRS. MOORHEAD to Peoples Drug Store asking for MRS. TARGERT (pho) in toiletry department who will be to work at 1 pm.
- 11:55 AM (IN ) TOMMY MOORHEAD to MRS. MOORHEAD. He is calling from Ft. Myer. He is very anxious to know if he left a watch in some army trousers. She found it and he wants her to bring it out to him at the Chevy Chase Club tonight. He is going to be there with the CARRICKS. She is coming out to the Club with JACK O'BRIEN. GRONOR MOORHEAD is also coming out.
- 12:05 PM (IN ) LOUISE (?) to MRS. MOORHEAD. They discussed VANDEVANIER with whom she saw MRS. MOORHEAD last night at the play "Arsenic and Old Lace". They thought it was a terrible play. They talked about JACK O'BRIEN being sent down to Georgia. JACK hates heat so much he wishes he was being sent to Maine instead. LOUISE said they are trying to sell their house near 19th and New Hampshire. They talked about someone by name of TOM who is an Ensign in the Navy stationed at the Canal Zone. MRS. MOORHEAD could not say what might happen to "her" TOMMY (whom LOUISE seemed to know quite well). The other TOM might run into SAM BIDDLE at the Canal Zone. TOMMY MOORHEAD according to MRS. MOORHEAD could easily get a commission if he wanted it but "as Jack says" if he wants to give up Washington, the Club and tennis with MRS. CARRICK he had better forego a commission as he can stay here if he is a private. MRS. MOORHEAD said that she pays \$150 per month rental for her apartment. She and LOUISE will have lunch some day soon at the Chevy Chase Club.
- 12:50 PM (OUT) MRS. MOORHEAD to CHAPMAN, colored janitor, saying she was expecting a COD package from KANNS and she is going out. She will leave her door open and the money on her desk and wants him to pay for it.

- 9:00 AM (IN) UPSHUR MOORHEAD to MRS. MOORHEAD. He asked her the names of some rental agencies where they had contacts as a friend of his just arrived from New York with his family. She gave him the names of Randall-Hagner, Sandoz and Mr. VANDEVANTER.
- 9:05 AM (IN) Some unidentified man speaking to MRS. MOORHEAD and kidding her along. He wouldn't give her his name but said "this is the Major you met yesterday morning". She asked him to whom he thought he was speaking and he said "MRS. CLARK". He was somewhat embarrassed to learn that he had the wrong number but she said it sounded very romantic.
- 9:30 AM (IN) JACK O'BRIEN to MRS. MOORHEAD. HE cannot see her tonight or bewith her tomorrow night but he will take her to dinner before she goes to the theater tomorrow night. He said he was going to sublet his apartment with a written agreement to reoccupy it should he return to Washington. He says he has a hunch he might be back in Washington before the end of the year. He is having his phone disconnected. He said he would call her later.
- 10:15 AM (IN) LILL COURTNEY to MRS. MOORHEAD. MRS. MOORHEAD said that JACK O'BRIEN is going to leave for sure, however, she thinks he will return before very long. They discussed GRACE (?) whom they both agreed is very venomous as GRACE gloated over the fact that JACK O'BRIEN is leaving town. She is going to have her last Thursday with JACK O'BRIEN this Thursday as he is definitely leaving on the first of the month. It is somewhere near Chattanooga where he is going as there is a large military police school there. She indicated that MAJOR O'BRIEN will be in charge there saying that he didn't want to go, of course, but the General has some reason for sending him no doubt and in the army you just do what they say. JACK can afford to keep his apartment here in Washington, D. C. on his salary and is afraid to let it go for if he comes back he would be unable to rent another like it. He can easily get some army officer to live there until he knows what he is going to do.

- 12:45 PM (IN) TOMMY MOORHEAD to MRS. MOORHEAD. She said that JACK O'BRIEN drives her car every day to Ft Myers and back. She said that the car would be all his when JACK leaves. She said that nothing seems to bother BOB and EVELYN GIFFORDS who left this morning. MRS. MOORHEAD didn't enlarge on what had happened but indicated it had something to do with her car. She said "Oh, well, hell I am going to stay in bed for the duration anyway". She told him that she just didn't feel well enough to see him tonight but would like to see him tomorrow night. He said he would call later.
- 9:50 AM (IN) TOMMY MOORHEAD to MRS. MOORHEAD. She said that she was getting more pay telephone calls this morning as JACK O'BRIEN had telephoned her from FT MYER also just before TOMMY called. TOMMY asked her what JACK was doing out there and she replied that she didn't know but he was out there a lot here lately. She said that went to Normandy Farms for lunch yesterday and then for dinner at LYDIA LORINGS. She said that JACK O'BRIEN, herself and the GIFFORDS went for a drive in Rock Creek Park yesterday before going to LYDIAS but JACK lost his temper and they lost their way and were one hour late for dinner burning up practically all of their gas. She said that she thought it was just as well that JACK was leaving for Chattanooga as they got on each others nerves here lately and no wonder the army is sending him there. TOMMY talked to EVELYN GIFFORDS (who came to the telephone and was still there at the apartment contrary to what she told JACK O'BRIEN). He said goodbye to her and she told him that she and BOB had dinner last night at the QUOTENHEIMS after which they all bowled in the game room.

Mrs. MOORHEAD said she was invited to MARTIN VOGEL'S home for cocktails today and said she was having a quiet weekend otherwise as her boys would not be home. (Mrs. MOORHEAD told Mrs. COURTNEY to wait on the line a moment and could be heard talking to some man who apparently was just leaving her apartment). Mrs. MOOREHEAD said her cousin from Bay Head who is on her way home from Florida, stopped by last night. She lives with a sister - GIBSON. She is presently staying with a rich family - GUTHRIE - at Chevy Chase. TOMMY went to CEDAR FINKENSTEIN'S (phonetic) wedding yesterday. They talked about going to a show but will decide later. He will call back.

The GUTHRIES' who live on Ellicott Street, Bethesda, were discussed and approved because they were wealthy and in the social register. VAN DEVANTER is apparently in the real estate business as he said the GUTHRIES had their house listed with him, and he had taken the GUGGENHEIMS to see it but it wasn't large enough for them. She said she didn't go to the lecture (JOHN MASON BROWN at the Mayflower) and he said he did. He said he met a man by the name of BENEDICT whom she would like because he was rabidly "anti-ROOSEVELT". He said he missed her little dinners as the only decent meal he gets is at her house. She said "I am deceiving the town but having so much fun" and laughed. Said she thought she would stay in Washington, D. C. until after the War. She asked "You are going to have a nice time tomorrow with NEAL I suppose?". He said, "Oh yes".
